ERGONOMICS

GOODSIDE® is the perfect support for every back!

- The slats ensure a completely level sitting and lying area.
- Best body support and ultimate comfort through sleeping and sitting zones with different widths and hardness levels.
- Firm support for cushions and mattresses thanks to the non-slip structure.

HYGIENE

We spend a lot of time on our furniture. That is why we place a high value on the fact that GOODSIDE® can be cleaned.

- More hygienic than wood, because it does not absorb any moisture.
- Can be cleaned using normal cleaning materials without damaging the surface.
- Ideal for medical uses as well as outdoors.

QUALITY GUARANTEE

GOODSIDE® means quality and extraordinary durability.

- Extreme longevity thanks to fibreglass cores.
- Ten-year anti-shatter guarantee.

HANDLING

During the development of GOODSIDE®, we also took easy transportation and simple component assembly into account.

- Lightweight construction for easy transport and easy lifting for floor cleaning.
- Intuitive, tool-free component assembly.
- Time and material savings in the furniture manufacturing process.

LAST BUT NOT LEAST

GOODSIDE® pays off due to its constant, great suspension properties. If a piece of furniture has to be disposed of at some point, GOODSIDE® can either be built into a new bed, sofa or chair or completely recycled!

GOODSIDE® is a brand of
